

```
7  function addToCart() {  
8      var coupElem= $("#couponButt");  
9      selItem= getItemInfo($(this));  
    ...  
14     var price= selItem.price * selItem.quantity;  
15     if(!coupon.expired){  
        ...  
18         price -= coupElem.data('value');  
19         coupElem.addClass(customer.couponStatus);  
20         coupon.expired=true;  
21     }  
22     customer.payable += price;  
23 }
```

A diagram on the left side of the code block shows four curved arrows originating from the line numbers 9, 14, 15, and 18. These arrows point to a single point on the right, indicating a flow or relationship between these specific lines of code.
